## About Me

I specialize as a Frontend Developer with a proven track record of designing and developing responsive, user-friendly websites and applications.

I started out with creating user interface for web applications developed in ASP.Net and PHP before moving on to developing WordPress powered websites. I have extensive experience in working with WordPress themes, plugins and page builders. Over the years, I have created custom WordPress themes for over 250 interactive web sites.

## ACTIVITIES

### Travel Blogging / Photography

I have a deep appreciation for nature and heritage sites. My explorations have led me to remarkable landscapes, sometimes unveiling centuries-old marvels. Documenting my journeys in a travel journal allows me to share these experiences with the world.
